Netaphor and Vantage Announce Integration of SiteAudit with Vantage Online

Integration Provides MPS Resellers with Automated Billing and Supplies Fulfillment

Irvine, Calif. – 13 November, 2017 – Netaphor (www.netaphor.com), a provider of managed print services (MPS) software and Vantage, developers of industry-leading service management software Vantage Online, today announced the integration of SiteAudit counters and supplies data into Vantage Online. The integration enables automated meter billing and supplies replenishment ordering for MPS partners using Vantage Online and either SiteAudit OnSite or Hosted products.

SiteAudit solutions collects data on all-types of printers including wide format and scanners for metering, supplies management, inventory control and fleet health analysis. SiteAudit provides the most accurate and comprehensive solution available for MPS partners to manage mixed fleets in small to enterprise environments.

Vantage Online software is used by MPS and Office Technology resellers to perform service management and billing services. It's designed to make billing administration, field support, and stock control easy and efficient enabling resellers in more than 30 markets worldwide to reduce costs and improve profitability.

The SiteAudit Vantage Online integration works seamlessly to help automate client invoicing and supplies replenishment. "The Vantage Online integration provides an incredible opportunity for Netaphor partners to leverage SiteAudit's robust and accurate data set with a premier MPS service management and billing solution," said Siddharth Nath, Netaphor UK & ROI Country Manager. "Vantage was keen to integrate SiteAudit data with Vantage Online to further extend the selection of supported MPS tools available to our resellers," said Tony Milford, Vantage MD. "We've been impressed by the flexibility and robustness of the Netaphor suite of products and also by the proactive and collaborative approach that they have taken in all of our dealings with them"

Netaphor partners can download the Vantage Online integration from the Netaphor support portal or by contacting support@netaphor.com.

About Netaphor

Founded in 1997 and headquartered in Irvine, Calif., Netaphor Software, Inc. develops and sells software for managed print services. The company's flagship product, SiteAudit, is the industry's first software suite to identify, reduce and manage printer costs, saving organizations up to 30 percent during the printer asset lifecycle. SiteAudit customers include organizations in all industries including the Jacobs Engineering and Children's Hospital of Philadelphia.

About Vantage

Founded in 1992, Vantage is one of the world's leading developers of service management solutions that maximise workforce productivity, improve customer satisfaction and minimise operational costs. We have provided solutions to service operations in more than 35 countries throughout the world. We are committed to ensuring that Vantage solutions meet the increasingly complex needs of customers and profit-driven management, both today and into the future.
